38. The ADA provides a private right of action for injunctive relief to “any person who is being subject to discrimination on the basis of disability.” 42 U.S.C. § 12188(a)(1).

39. Under the ADA, a disability is defined as “(A) a physical or mental impairment that substantially limits one or more major life activities of such individual; (B) a record of such an impairment; or (C) being regarded as having such an impairment.” 42 U.S.C. § 12102(1).

40. Title III of the ADA provides that “[n]o individual shall be discriminated against on the basis of disability in the full and equal enjoyment of the goods, services, facilities, privileges, advantages, or accommodations of any place of public accommodation by any person who owns, leases (or leases to), or operates a place of public accommodation.” 42 U.S.C. § 12182.

41. “It shall be discriminatory to afford an individual or class of individuals, on the basis of a disability or disabilities of such individual or class, directly, or through contractual, licensing, or other arrangements with the opportunity to participate in or benefit from

a good, service, facility, privilege, advantage, or accommodation that is not equal to that afforded to other individuals.” 42 U.S.C. § 12182(b)(1)(A)(ii).

44. “Readily achievable” means easily accomplishable and able to be carried out without much difficulty or expense. 28 C.F.R. § 36.104.

45. Under Title III, places of public accommodation and commercial facilities that are newly constructed for occupancy beginning after January 26, 1992, must be “readily accessible to and usable by” individuals with disabilities. 28 C.F.R. § 36.401(a) (1).

46. Existing facilities whose construction predates January 26, 1992, must meet the lesser “barrier removal standard,” which requires the removal of barriers wherever it is “easily accomplishable and able to be done without undue burden or expense.” 28 C.F.R. § 36.304(a).

47. Discrimination, for purposes of a public accommodation, includes “[a] failure to design and construct facilities for first occupancy later than 30 months after July 26, 1990, that are readily accessible to and usable by individuals with disabilities” except where an entity can demonstrate that it is structurally impracticable to meet the requirements set forth by the ADA. 42 U.S.C. § 12183.

48. Under the ADA, businesses or privately owned facilities that provide goods or services to the public have a continuing obligation to remove accessibility barriers in existing parking lots when it is readily achievable to do so.

49. The restriping/repainting of the parking space borders is relatively inexpensive, and should be readily achievable and easily accomplishable.
